In this Update...

- **Lend your voice to select the activities League will undertake.**
- **Your help is needed in planning spring candidate forums!**

Lend your voice to select the activities League will undertake - attend the “Lively Issues Meeting.”

- **Tues., Jan. 15, 5:00 to 6:30 PM: Samuelson Creek/White Birch Inn, 1009 S Oxford Ave., Sturgeon Bay**

“Lively Issues” is the meeting at which planning for the work that the Door County League will do next year begins. It is the first step in the process of developing what League program will be at the local, state, or national level.

This may sound boring, but League members debating the issues of the day is never dull!
Everyone is welcome!

Your help is needed in planning spring candidate forums!

- All hands needed on deck! A busy new election season is ahead.
- The community is requesting forums! And, *there may be more* as the deadline for requests is not until Friday, January 18.
 - Two forums will be held for the spring primary (February 19).
 - Additional forums have been requested for the general election on April 2.
- A team approach will be used (as the Voter Services Chair for Forums, Barb Graul, will be away for all of March). Planning will begin at Tuesday’s Lively Issues Meeting and at a Voter Service meeting on Thursday, January 17 at 1 PM in the Sturgeon Bay Library Conference Room. If you cannot attend contact Barb Graul at tgraul@sbcglobal.net or 743-6842.
- A plan will be put together to honor the citizen requests. ANYONE and EVERYONE is invited to join in. Truly “everyone is voter service” is evidenced by the many volunteers who help with forums!

Another activity of interest:

Thursday, Jan. 24, 6:00 PM: Crossroads @ Big Creek, 2041 Michigan St., Sturgeon Bay

Public Presentation on Coal-tar Pavement Sealants

Learn more about the human health and environmental harms of toxic coal-tar sealants. Sponsored by Clean Water Action Council of NE Wisconsin, Healthy Water Door County, CleanWisconsin, Lakeshore Natural Resource Partnership, Inc., and Fox-Wolf Watershed Alliance.
